## ***Other Activities***

---

- **Health Information Exchange Advisory Committee – 2009**

The Health Information Security and Privacy Collaboration (HISPC) was absorbed by the HIE Advisory Committee in 2009. The purpose of this committee is privacy protection for all patients in Illinois.

- **Health Information Security and Privacy Collaboration (HISPC) – Illinois II Legal Work Group – 2007 to 2009**

This group will develop a model uniform patient Electronic Health Record (EHR)/Health Information Exchange (HIE) Consent Form for possible use by the state-level HIE, clinicians, healthcare facilities and other providers, as well as a plan to disseminate the consent form and encourage its use. The optimal goal is to provide all patients in Illinois with the same information regarding privacy protections under the law and the necessary education to understand how their records will be safeguarded in an EHR/HIE environment.
